PRE-INSTALLATION

Before you install this product, ensure that all parts are present. Compare parts with the package contents list. If any part is missing or damaged, do not attempt to install the product. Contact customer service for replacement parts.

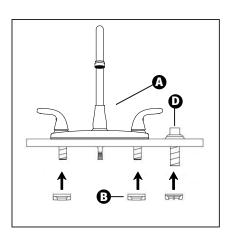

Tools Required

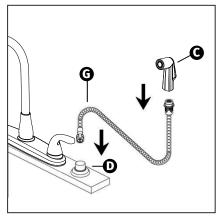

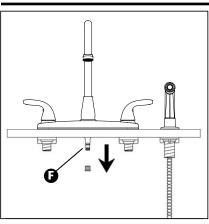

Insert Faucet Body (A) and Sprayer Holder (D) through sink deck.

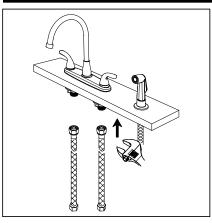

Secure Faucet Body A to sink deck by attaching Faucet Quick Connect Mounts B to hot and cold supply studs. Rotate Faucet Quick Connect Mounts Clockwise to tighten. Follow same process if installing optional Sprayer Holder D.

Connect Sprayer Hose G to Sprayer C and insert Sprayer Hose through Sprayer Holder D.

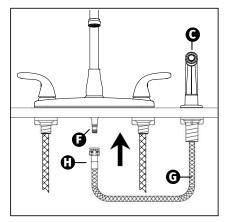

Remove cover from bottom of Sprayer Hose Water Supply **f**.

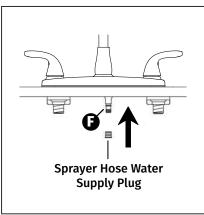

Attach hot and cold supply lines to faucet supply line studs.

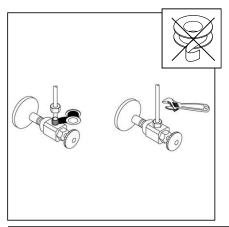

DO NOT use plumber's tape if a rubber washer is seated in the Supply Line's connector.

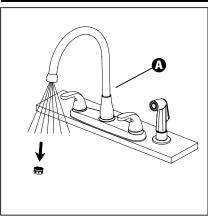

Connect Sprayer Hose **G** by pushing Sprayer Hose Water Supply Connector **1** onto faucet's Sprayer Hose Water Supply **5**. You will hear an audible "click" when the connection is made.

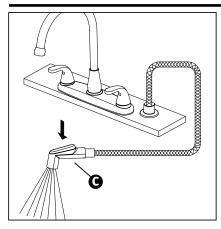

6b If you're not installing the Sprayer **©**, install the Spray Hose Water Supply Plug **6**.

Connect hot and cold supply lines to hot and cold supply valves. DO NOT use plumber's tape if a rubber washer is seated in the Supply Line's connector.

Remove faucet aerator from Faucet Body (A). Rotate counterclockwise to loosen. Turn on faucet and check for leaks. Replace faucet aerator.

While faucet is on, check water flow from Sprayer **G**. Check for and fix any leaks.

CARE AND MAINTENANCE

- If the faucet leaks from the spout, shut off the water supplies and replace the cartridge. Ensure that you install the cartridge correctly for the proper handle rotation.
- To keep your faucet looking new, wipe down after each use with a soft cotton cloth.
- Protect your faucet from hard water stains and mineral deposits by periodically using an auto spray wax.
- Clean using mild liquid soap and a non-abrasive sponge or cloth.
 Rinse with clean water.

SAFETY PRECAUTIONS

To avoid injury or accidents, please follow all safety precautions.

WARNING

WARNING: This product can expose you to chemicals including lead, which is known to the State of California to cause cancer. For more information, go to www.P65Warnings.ca.gov.

WARNING: Do not use any kind of chemicals or abrasives to clean.

WARRANTY AND SERVICE

AM Conservation warrants that this product is free from defects in material and workmanship for the lifetime of the product from the date of the first purchase or the original distribution of the product under an energy conservation program, subject to the proper installation and/or use of the product. For full standard limited product warranty, please visit amconservation.com/warranties.

If you need information or have any questions, please contact our customer service center at customercare@amconservation.com.

Failure to comply with the assembly, installation, or use instructions will invalidate the applicable product warranty and may cause product malfunction, deficiency, or breakdown, which may result in an injury or property damage.

Neither AM Conservation nor product distributor, supplier, or manufacturer are responsible for any adverse outcome that customer might experience as the result of not following the provided assembly, installation, or use instructions.
